

## Client Center v3.0 Released

Client Center is a web-based tool that your business client accounts can use to enter new reservations, view, edit and cancel existing reservations, create and manage linked individual profiles and much more. The **new version 3.0** includes:

- ✓ Grids with color formatting
- ✓ Unlimited number of grids
- ✓ Unique grids per group profile
- ✓ New Menu: View / Print / Cancel

Still in development but well on the way is some functionality ideal for use by affiliate operators:

- Ability to Confirm
- Mark on-board

If you would like to discuss ways in which Client Center v3.0 could be used to improve the service you provide to your accounts and corporate clients call TechSupport at the number below or send an email to [support@hudsonltd.com](mailto:support@hudsonltd.com).
